WHY STUDY IN FRANCE?

France is an ideal place for studying abroad thanks to its rich culture, gastronomy, architecture, and thriving student life. It has been the home of many of the world's greatest philosophers and thinkers, and is a historic center of culture, from the Lumière Brothers invention of cinema to the evolution of the cutting-edge fashion industry. Every year, France's cultural events and festivities attract people from all over the world.

Not only is France renowned for its culture, there are also some particularly good reasons to choose this country to pursue an education in business. Campus France highlights that France ranks second in Europe in gross domestic product and is the second-largest European market (Eurostat 2022). Furthermore, according to the latest barometer published by international accounting firm EY, France consolidated in 2021 its position at the top of the ranking of most attractive European countries to international investors.

THE PARIS-LA DÉFENSE CAMPUS

■ LA DÉFENSE – EUROPE'S LARGEST PURPOSE-BUILT BUSINESS DISTRICT

IESEG's Paris campus location in La Défense is a strategic asset. Established primarily to strengthen IESEG's links with French and international companies, it has enhanced the institution's international reputation and visibility.

As IESEG's reputation continues to grow along with its student population, the expansion of the Paris-La Défense campus in 2017 has enabled the School to welcome almost twice as many students as before. Composed of three buildings with a total of 22,700 m² (244,340 sq. ft.), the campus offers students 72 classrooms equipped to offer immersive hybrid teaching solutions, five multimedia rooms, one trading room, a library, one cafeteria and meeting rooms for clubs and associations.

“

I chose the Entrepreneurship and Innovation Summer Program for various reasons. I really love this area of management. Being able to study the innovation side and the business creation side is something that really my bachelor doesn't give. It's really an opportunity to gain awareness of how different countries work, how different people are and in a way make friendships, and maybe when you'll go to another country, you'll send them a message, and you'll meet again and they'll help you see the country.

I've always been excited about the idea of building a business. I have done some marketing internships and made some entrepreneurial endeavors. That's why taking IÉSEG's Digital Marketing Summer Program was a stroke of genius for me. I could plunge into the whole concept of branding and marketing, on top of the experience I had. I especially knew the importance of 'digital' transformation after COVID. Not to mention France is one of the fastest-growing nations when it comes to innovation! Let me just say the whole experience was «très bien» (I've been learning French ever since this program)!

Joanna ,
Louisiana Tech University,
USA

Ever since I was a child, I have been enamoured with the idea of traveling the world and experiencing different countries and cultures. As I got older and learned how I could study abroad through my university, this fascination turned into desire. For me, the IÉSEG Summer program was so much more than just another class; it was a once in a lifetime experience. Not only did I get to learn more about digital marketing, I also had the opportunity to meet new friends from across the globe and truly participate in an immersive cultural setting. From learning how to make macarons to viewing the rich architectural and artistic elements of Paris, this life-changing experience is one I will never forget.

DIGITAL MARKETING SUMMER PROGRAM

July 3rd to July 14th, 2023

Prerequisites:

The program is open to students coming from ALL DISCIPLINES with a strong interest in Digital Marketing.

6 ECTS

■ LEARNING OBJECTIVES

The internet has completely changed marketing practices and has led to new forms of communication and commercialization.

Students will gain knowledge of basic skills required for digital marketing through social media and brand management. They will study all the key areas associated with digital marketing, including marketing, communication and strategy, positioning, as well as the current strategies behind managing a brand in today's digital and social media world.

■ PROGRAM

Module 1: Brand Management (3 ECTS)

At the end of this module, students should be able to:

- > understand "brand" as a concept and strategy that touches both individual and corporate identity,
- > grasp the role of brand managers,
- > learn the current strategies behind managing a brand in today's digital and social media world,
- > as a member of a team, apply a management model to a real brand that evolves from brand awareness to brand insistence (exceptional consumer loyalty) using the framework of the four C's: Context, Customers, Competition, and Capability.

Module 2: Digital Marketing Strategy (3 ECTS)

At the end of this module, students should be able to:

- > enumerate the steps involved in developing an informed digital marketing strategy,
- > understand the diversity that exists among digital platforms and their relative "fit" in creating value for the brand,
- > describe customer personas; identify micro-moments that help target customers to achieve their objectives; employ a content matrix to develop sufficient content to meet customer needs across important micro-moments, and evaluate the potential for disruptive product/service design based on reshaping the customer journey,
- > leverage customer stories to shape brand attitudes,
- > develop a deeper understanding of earned, versus paid, social media strategies,
- > create actionable insights from marketing data.

VISITS: (SUBJECT TO CHANGE WITHOUT PRIOR NOTICE)

- > Workshops (e.g.): Fundraising and Marketing for Non-Profits
- > Corporate talks (e.g.): Demystifying Trends & Cultural Strategy, BlablaCar
- > Potential business sector for visits (e.g.): La Samaritaine

As much as I've enjoyed all the perfume testing, museum visits, fashion show casting and many marketing pitches done on the fly, most significantly, this course has given me incredible memories with the most amazing bunch of new friends from all over the world. Thank you for not only making my dream of studying abroad come true but for making it the most amazing time! Merci beaucoup tout le monde!

One of my best decisions ever was to take this Fashion Business Summer Program at IÉSEG! Taking risks outside my comfort zone was so important, and it made me so happy to discover what makes my heart beat. I learned so much about the Fashion Industry, Luxury Brands and more! Every teacher and everyone in charge of the talks were so good! I never expected to meet so many nice people and to be so close to them! Thank you for making this experience one of the best experiences of my life! Thank you for giving me so much love and for making me feel at home! I learned so much from you guys! In these two weeks I made more than friends, we are family! Love you all. This summer will be kept in my heart. The best is yet to come...

Studying in the heart of La Défense in Paris, not only did I learn the fundamentals of the French Wine Business from my Wine Business Summer Program, but I also experienced new places and cultures, made friends from around the world, and gained a more global perspective - all the while gaining credits towards my MBA degree. This program exceeded my expectations and the amount of content covered over the course of two weeks was outstanding. I learned everything from the main wine regions in France to current societal movements influencing the consumption of wine, with applicable marketing techniques, and so much more. There are few experiences more transformative than the opportunity to study abroad, and I highly recommend IÉSEG for the experience of a lifetime.

“

The summer program was a great opportunity to learn in an intercultural environment while getting to experience a new city with new friends. The course gave me a broad overview of the topics of AI and sustainable development both separately as well as their relation to each other. In addition to how AI can help facilitate transitions towards sustainability, the course provided me with useful tools for being critical of how AI is applied in society and of what truly constitutes sustainable development. What I liked the most about the course were the knowledgeable and enthusiastic teachers and the impressive variety of perspectives relating to the main themes that were covered. No matter what you are currently studying, the course provides you with highly useful knowledge on the increasingly relevant topics of AI and sustainable development.

"I'm Tanisha and I attended the 2019 International Summer Academy. I had a life-changing experience. We got to meet people from different backgrounds and cultures. We also got to learn about different subjects that we chose on our own. I also took French classes and we got a lot of tours and walking trips around Paris. [...] Everything was so worth it and we had a great time! Thank you for this opportunity."

"I attended the International Summer Academy this past year. What can I say about the program? It was by far one of the best experiences and decisions in my entire life. I had always wanted to study abroad as a young kid. I got to meet friends from all over the world who will be lifelong friends. I took amazing classes such as Corporate Diplomacy, International Sport Management and Inventory Management. It was interesting to see how the teaching methods of professors from all over the world compared with those of my home university. If you are considering going to IÉSEG, I highly recommend it to you. You will have the experience of a lifetime!"
